Rocky River's Title I Parent Engagement Policy

Statement of Purpose:

At Rocky River Elementary, we believe that parent participation is an integral part of the education of the students in our Title I Program. We will work to partner with families and involve families in a variety of ways throughout the school year.

Procedures for Parental Engagement:

Student Progress

- Providing progress reports at mid-point of grading periods
- Providing report cards each grading period 9-week term
- Timely parent / teacher conferences as required and/or needed throughout the year
- Required parent/teacher conference after the first grading period
- Student led conferences to be held in the fall and spring
- Leadership events for students 2 times per year

Curriculum Information

- Inviting parents to learn more about classroom content and expectations during curriculum nights scheduled throughout the year
- Providing materials and suggestions to parents to help them promote the education of their children at home
- One School, One Book Event

Communication with the Home

- Providing timely responses to parents' questions
- Utilizing students' agendas and communication folders to communicate homework and student / parent / teacher concerns, praise and other information
- Providing a Student Handbook to help parents and students know the school's expectations in all areas
- Connect Ed messages from the principal to inform about current school events
- Utilization of social media (Twitter, Facebook)
- Consistent updates to school's website

Community Interaction

- Encouraging participation of parents in school activities
- Notifying all parents in the Union County Public Schools' District of the Annual Parent Engagement (Public Hearing) Meeting
- A variety of business partnerships (arts, churches, charities, and special events)

School Progress

- Evaluating annually the process of parent / community engagement to specifically look at barriers, level of involvement, and strategies to increase engagement of all populations
- Providing system and school report cards to document academic performance on a yearly basis
- Communicating with parents on the schools performance and clearly sharing school improvement goals

Inspiring Learners; Empowering Leaders
