***SECTION VI -- HEALTH HAZARD DATA continued:**

Medical Conditions Generally Aggravated by Exposure: None known to manufacturer.

***Emergency and First Aid Procedures:** **If in eyes:** Hold eye(s) open and rinse slowly and gently with water for at least 15 minutes. **If on skin or clothing:** Immediately take off all contaminated clothing. Wash contaminated clothing before reuse. Immediately flush with water. Get medical attention. **If inhaled:** Immediately move person to fresh air. If affected person is not breathing, apply artificial respiration. If breathing is difficult, give oxygen. Seek medical attention. **Ingestion:** If the material is swallowed, get immediate medical attention or advice. Ingestion of large amounts may produce gastrointestinal disturbances including irritation, nausea, and diarrhea. If vomiting occurs naturally, have victim lean forward to reduce risk of aspiration. Do not induce vomiting. **NOTE TO PHYSICIAN:** If the product is ingested, probable mucosal damage may contraindicate the use of gastric lavage. Treat the affected person appropriately.

***SECTION VII -- PRECAUTIONS FOR SAFE HANDLING AND USE**

Steps To Be Taken In Case Material Is Released Or Spilled: Caution. Floors may become slippery. Isolate spill or leak area immediately. Keep unauthorized personnel away. Stay upwind. Keep out of low areas. Ventilate closed spaces before entering. Wear appropriate personal protective equipment during clean-up. **Small Spills:** Absorb with earth, sand or other non-combustible materials. Transfer to containers for later disposal. Use clean non-sparking tools to collect absorbed material. **Large Spills:** Dike ahead of liquid spill for later disposal. Keep spill out of sewers and open bodies of water.

Container Disposal: Do not reuse empty container. Triple rinse empty container with water. Return metal drum then offer for reconditioning or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated, or if allowed by local authorities, by burning. If burned, stay out of smoke. Offer for recycling if available. For containers 1 gallon or less: Do not reuse empty container (bottle, can, or bucket). Wrap container and put in trash. **Pesticide Disposal –** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Precautions To Be Taken In Handling And Storing: Avoid contact with skin and eyes. Avoid breathing vapors or mists of this product. Wash hands before drinking, smoking or using toilet facilities. As with all chemicals, good industrial hygiene practices should be followed when handling this material.

Storage Procedures: Do not contaminate water, food or feed by storage or disposal. Keep the container tightly closed and in a cool well-ventilated place. Avoid freezing or excessive heat.

***SECTION VIII -- CONTROL MEASURES**

***Engineering Controls:** Provide adequate local exhaust ventilation to maintain worker exposure below exposure limits.

***Respiratory Protection:** If exposure limits are exceeded or if irritation is experienced, NIOSH approved respiratory protection should be worn. ***Protective Gloves:** Use impervious gloves. ***Eye Protection:** Wear chemical goggles and face shield.

***Clothing or Equipment:** Eye wash fountain and emergency showers are recommended.
