Discuss testing and how CCSS will impact us and the school as a whole- each one of us is accountable for the student's in our care.

Perfect Storm – decision from DPI to School to students' everyone must do his/her part and embrace the “have to do” and move on

- Meg Bell – (State) Dibels frustration level from the teachers with being able to keep documentation
- James Brown – grade level struggles with all the testing and finding time to actually teach
- Diversity – reaching all of our students and their needs
- mClass – read to achieve program that was passed last year there are 7 components
 - *cloud keeps all the information for all students and how we address the students with regards to their reading and understanding
- 3rd grade BOG results: 14/108 (12.9%) are on target

- PEP/Motivational Talk: Who are you? BHESA is special because of the arts – embrace what we do have and focus more on the positive. Don't let the negative fill your plate. WE/ME - there is more power in the we than the me!
