

**Site Base Agenda
October 24, 2018**

1. **Attendance: Principal Thomas, K Redden, 1st Adams, 2nd Tarlton, 3rd Holmes, 4th Helms, 5th Parker, Special Areas Sloan, Assistants Hartig, EC Herrin, PTO Poynter, Parents Cox, Shuster**

Present: All

Absent: Melton

2. New Business:

1. **The PTO would like to discuss Fundraising options for 2019-2020.
(Possibly in place of Boosterthon-only because their signing deadline is soon)**

There are lots of options. It's time to move on from Boosterthon. Go back and talk to your team about their thoughts, Invest In a Kid, company partnerships,

2. Would it be possible for each grade level to have a digital camera? This would be much more convenient for photos for our google/website needs.

We will try to find the solution for using phone pictures. If not, we can purchase some cameras.

3. Would it be possible for the school to purchase 1 new folding table? The one we have has a bent leg and does not stay upright. It is a disaster waiting to happen.

PTO is going to purchase 2 folding tables! Yay!

4. The mouse population is still a problem. Is there anything that maintenance can do?

They are breeding and it's gotten bad. Mrs. Thomas is going to run it up the flagpole!

5. Monster Mash and T-Shirt Sales profits: Monster Mash-\$1,160

T-Shirt Sales-\$705

There are still T shirts available. Would you like one?

We would like to use this money for iReady Math for every student. Would parents be willing to pay \$10 per child for everyone to have access? It would be \$10,000 for the whole school to have access to iReady Math. Our students that currently have iReady access showed the most growth last year. Currently our school only has approximately 50 licenses.

Announcements:

- **When we have a staff meeting the sidebar conversations are rude and paint us in a poor light when we have guest speakers.**

- **Safety Reminder – those going in and out of the gate off of the Sensory Room. Close the gate when coming and going. Just in case someone from that class tried to run out the door and into the parking lot.**

All classroom doors must be shut and locked at all times, even when no one is there. PTO needs more keys please! Kids need a pass ANYTIME they are in the hall. The buzzer will be installed in the next few weeks. All visitors will have to be let in the front door from the front office.

Car line in the morning has become a problem. We will try to find a solution.

Literacy lab: please do not just put your books on the table. At least put them in the bins and put the cards in the bag.

Next Meeting: 11/28
