Absent:

Belle Walker-had a meeting could not attend

New Business

Site Based Plan approved

RED club reminders- students should go straight to the media center and not to the classroom- to maximize time.

(maybe contact parents to encourage them to bring their children-we can send a letter to parents for those who we want to come but aren't coming)

RED club will be placed into grade level chairs boxes and if there is anyone we can roll off we can cross them off-and if there is anyone we can add it can be added to. This is great documentation to show parents if they aren't on grade level or if they are a candidate for retention.

If they don't show up until 7:25 they will be sent back-because they don't have enough time.

Old Business

Reading workbook (Mrs. Elizondo/will share)

Having challenging enough text in 3rd grade to support these learners to get these A/B students ready for EOGs. They also need resources to "even out" grades so they are a better representation of their grades.

Schoolnet/NCREady books-what we have access to in order to get our readers ready for the EOGS

Our resources need to be consumable in order for students to best serve the needs of our students

Next Meetings 1/18/2017
