Mav Block discussed. Mr. Lasher talked through the steps of this 30 minute block of time that will be between 1st and 2nd block. The scheduled was discussed, but there was immediate push back feeling that it would be too much for teachers and the students would have added stress. This was a sentiment from both parents and teachers. Different ideas were passed around on how to get us back to our old Smart Lunch concept, with student choice.

The discussion led to what can we do, and what some of the issues can be. The plan is to begin as soon as possible. The concern was high, so discussion will need to continue with the Leadership Team.

We moved on to MTSS and the needs of organizing how to move students to Tier 2 support. We broke up into groups, equally divided with teachers and parents, and used the worksheet from our MTSS handbook to brainstorm ideas. We will reconvene on this subject if needed, after sharing the ideas with the MTSS team.

### **VI. Indicators to Assess-Create-Monitor**

**Action Taken:**

Students: Concerned about Dress code and how it is addressed. They are concerned about the females being targeted, especially certain body types, and how it effects their self esteem. The students proposed a new dress code that was researched from ETHS Student and Family Handbook. We will have continued discussion on this subject. We will look for areas of focus.
