V. Old Business

The student committee on School Climate responsible for presenting a new dress code policy.

Brook Adams Neha Sachia Kevin Chang

The students felt the way we are addressing dress code violations needs to improve. What is being questioned is the Why. Their goals are to enhance relationships with teachers and administration. To hold all students equally to dress code standards. They want to incorporate a value statement. All students should be able to dress comfortably and not have violation impede upon attendance. They are going to use a code for students to give feedback. There was a discussion on how we can move forward so that the teachers can do their jobs and the students can understand what needs to be improved on when communicating about the dress code.

MTSS, along with the site based team, have come up with direction on how to identify students who

need Tier 2 interventions. We are currently getting counselor input, but the new vision will be teachers having a platform to share all items relating to the student...what are the issues, what has been done in the classroom, what is the interaction with the parent, etc.

Portrait of a Graduate- Looking for people to be a part of the committee to complete a portrait of a graduate from Marvin Ridge. We already have a good presentation of this concept in our student handbook...we will make this into a poster presentation.

Smart Lunch was discussed. Do we do it during lunch or at another time during the day. We are going to plan for one day, and then add days moving forward. Group was concerned about how the time, for only one day offering. What do we do with all the kids.
