*Monitor (updates made)*

### VII. Other Business

**Action Taken:**

NC Star progress

1. *The school implements a multi-tiered instructional system that allows teachers to deliver evidence-based instruction aligned with the individual needs of students across all tiers:* There will be county wide changes made to MTSS. It will still be a multi-tiered approach.

2. *Teachers are attentive to students' emotional states, guide students in managing their emotions,*

*and arrange for supports and interventions when necessary:* Discussed what will be needed to support students, especially virtual students as they transition back to school next year. Possible social or an August visit for those new to the school or reentering face to face learning (as county allows). Also, suggested was a parent survey about emotional concerns for returning students.

*3. The school develops and implements consistent, intentional, and on-going plans to support student transitions from grade-to-grade and level-to-level:* We will continue with creating a plan for transitioning to next grade level. Middle school plan in place for rising 6th graders already.

Parent Request for typing program and reading level information for parents. Typing is part of STEAM at this time. Both will be looked into for next year.
