

Site Base Minutes

November 29, 2011

Those who attended were: Bill Breckenridge, Laura Gaddy, Maggie Harris, Lynn LeFLore (Co-Presidents), Lisa Kokoszczyński (Secretary), Wendy Wortha, Matt Colby, Lisa Rushing, Bo Mielczak, Cindy Gatrell, Janet Kamenick (Parent Representative).

-Site Base discussed the possibility of adopting a school. The Wolfe School came to mind. There are about 80 students (mostly middle to high school aged) who attend Wolfe School and they are moderate to severely handicapped. The students are eager to learn and want to succeed in school and the real world. We could assist them in fundraisers, collect donations, have the Stallings Stars present, etc. Discuss with your grade level representative if you have any other ideas!

-Site Base discussed the amount of options (entree wise) in the cafeteria for the younger students during lunch. Choices = overload! Is there a way the cafeteria can save the leftovers for the older grade levels since they can serve themselves?

-Please make sure your students have the correct login information for Study Island.

-Also, if a child is complaining of hunger in your class, please have an open mind to the suggestion of having a quick snack break during the day.

Next meeting: January 25, 2012.
