Lockdown: We will have a surprise lockdown within the next couple of weeks. Some substitutes did not have keys to lock the door in the last lockdown, so now each substitute will be given a room key in the morning with a lanyard.

Supplements: There was a question about Doctorate Supplements and whether or not their supplement has been decreasing (like the Master's Supplement)? If not, why?

Classcapes: Brad downloaded the latest version of Firefox on the library computers, laptops, and computer lab. Hopefully the internet will work faster now.

-We are ALL thankful for the PTO luncheon today! It definitely boosts our morale!!! Thank you!!!

-Are we able to sit down and eat together as a grade level during luncheons? We discussed having the Room Parents or volunteers come in to watch the class. We could also ask the Hospitality Committee.

Can the paperwork in the beginning of the year be online? Also, can parents consolidate their beginning-of-the-year forms if they have more than one child going to Stallings?

Do all 5th graders use First in Math? Mr. Bagshaw will touch base with his grade level.
