Volume 3; Issue 14
November 12, 2015

CATA families,

We hope that everyone had a restful Veteran's Day yesterday and we certainly want to extend to all of our veterans a special thank you for all that they have done for us and our country. You are truly appreciated.

Please save next Thursday and Friday for our Dance Academy performances in Covered Canvas. This Dance Show is a collaboration between our dancers and our artists. Come see our dancers dance and our artists create artwork inspired by the dance in front of our eyes. Guests will have the opportunity to secure some of the artwork in a silent auction at the end of each night.

Thank you to our PTSO for sponsoring the Invest in Excellence campaign to acquire additional instructional materials from our teachers' wish lists. Our PTSO is also sponsoring a Thanksgiving Dinner next week for our staff, please see the chronicle to sign up to help. Additionally, thank you to our PTSO for including the Performing Arts Academy in this past General Membership Meeting. The PTSO

is trying to provide opportunities for parents to learn about their children's education. A great job to all students that presented and performed.

Congratulations to our Theatre Academy who will be taking "The Diviners" to the State NCTC Play Festival next week. Way to go!! Congratulations to our men's soccer team who continue their playoff games this evening.

Please see this issue for information from guidance on the new SAT, scholarships, summer programs for underclassmen, upcoming student life meeting and event dates, athletic information, information on our coat drive and blood drive, driver's education, and a list of students on the A and AB Honor Rolls.

Please take time to read over this newsletter. The Cougar Chronicles are also available on the website. The Cougar Chronicle, in addition to our website, will be the main form of communication from school to home. At CATA we will continue to work toward Leading the Way so that your child can lead the way in the future!

By way of explanation, the items on the wish list are both departmental and academy in nature and are items that will extend the classroom educational environment, but are not essential and were not funded through the operational budget this year. Items that we are able to fund for the English, Science, History, Physical Education are items that will positively impact all students at CATA. Some of the academies at CATA have recently received funding and had wish lists items already purchased through those funding sources.

I am hopeful you will consider making a gift to CATA's PTSO as it will be a great gift to give back to the school!

Thanks to one and all!!

WorkKeys will be completed prior to Thanksgiving Break. Students will be notified of the day they will be tested.

What is WorkKeys?

The WorkKeys assessment is a multiple choice test that will be given online to seniors that have or are in the process of completing four Career & Technical Education (CTE) courses in a specific career cluster and consists of three sections (Applied Mathematics, Locating Information, and Reading for Information). The assessments measure skills such as reading, math, listening, locating information, and teamwork.

Why is WorkKeys Important?

These are skills that employers feel are critical to job success and can help students understand how they can improve their skills for better paying jobs. Students who take the WorkKeys tests have a clear way to demonstrate their abilities to future employers. A large number of students are entering the workforce without adequate skills to qualify them for the jobs they want. By increasing their skill levels while they are still in school, students increase their opportunities for higher salaries in the future.

What do your WorkKeys Scores mean?

Students have the opportunity to earn an ACT National Career Readiness Certificate. A certificate is provided at the platinum, gold, silver, and bronze levels. Students can use their results to identify jobs for which they are qualified for and improve on areas where their skills are weak.

How can you Prepare for it?

To prepare for the WorkKeys assessments students can login to Keytrain at: <http://login.keytrain.com> and enter their username: u+ your student ID # (ex. U1234567) and password: 8 digit date of birth (MMDDYYYY – March 3, 1997) (ex. 03031997).

For more information about the WorkKeys assessment and the Career Readiness Certificate, see your CDC (Mrs. Webb) or go to: <http://act.org/workkeys/careerseekers/scores.html>.

MEDIA MATTERS

Do you know what resources are available in the media center? There is a wide range of databases, electronic resources, print books, and magazines available for students to use in school and at home. To get to the Media Center website, from the CATA homepage go to the Academics tab at the top of the page, select Media Center and then click on the link to the new website. You can also get there from this URL: <https://goo.gl/ia8V5v>. This site is still being constructed but there is already a lot of information about research, citations, alternatives to PowerPoint or Google Presentations and more!

CATA's Media Center supports the NC School Library Association Young Adult Book Awards program. We currently have two copies of each nominated title in our library. Students are encouraged to read as many titles as possible and then vote for their favorite book in the spring. Students are also encouraged to suggest titles for next year's book award.

Viewing Student's Grades

- Parents can view student grades through the Parent Portal. Contact the school office if you have never obtained information on how to set up an account. If you had an account last year, the same account still works.
- Students can view their grades by using the my.ncedcloud.org on their chromebook (3rd icon—reads "HB-SIS Student-LEA-900"). The old Parent Portal is ONLY for parents, the student logins will no longer work on that link.
- A note about Canvas grades. Canvas is an instructional platform that is new this year. Teachers are using this to store resources, assignments, and at times—assessments. Teachers can score items on the Canvas platform and students can see grades for INDIVIDUAL assignments there. Students MUST remember that grades in Canvas only include Canvas-based assignments. Most teachers are grading more than what is in Canvas. The official grades are in accessed through the my.ncedcloud.org in that "HB-SIS Student-LEA-900" link. Averages of Canvas grades are NOT official grades. If students have questions they should ask their teacher or an administrator.

ATTENTION SOPHOMORES.....

Hugh O'Brian(HOBY) Youth Leadership Seminar:

HOBY's State Leadership Seminar was created for sophomores to recognize their leadership talents and apply them to become effective, ethical leaders. Selected students will spend 3-4 days participating in hands-on leadership activities. They will also meet leaders from North Carolina, and explore their own leadership skills while learning how to be a leader and have a positive impact on the community. North Carolina's seminar will be in June, but the dates have yet to be determined. 10th graders with leadership potential and/or ability are the target audience for this experience. If you are interested, please pick up an interest form in Guidance. In addition to the interest form, students must submit a resume and short essay (one page typed) in response to the following prompt: "Please describe the most rewarding and challenging aspect of being a leader in your school and community." The CATA Scholarship Committee will review essays and resumes in order to select one student representative and one alternate for CATA. For more information, please visit: <http://www.hoby.org/programs/leadership-seminars/>. All materials must be returned to Mrs. Cameron in Guidance. **Deadline: November 18, 2015.**

UNC Chapel Hill Catalyst Conference 2016 Every year, the Catalyst Conference brings a selected group of 100 high school students from across North Carolina to UNC-CH for a weekend-long exploration of social justice issues affecting both America and the larger world. Through leadership and personal development sessions, we aim to empower participants so they can serve as catalysts for positive change in their own communities. The Catalyst Conference serves a vital need, as encouraging today's youth to take an interest in national and worldly issues is vital to securing an educated and passionate group of future leaders. These 100 students will face a challenging task; they will be asked to view the world through the eyes of another and come to a realization of the underlying similarities that connect us all.

The Catalyst Conference is a great opportunity and learning experience for developing high school students. The conference will take place on the campus of UNC Chapel Hill on February 19-21, 2016. A \$50 registration fee is required upon acceptance to the conference, which helps to offset the cost of housing and food for the entire weekend. Only **high school students in grades 9-11** are eligible for application. No seniors or students who have previously attended will be eligible. Applications must be submitted by Friday, November 11.

If you have any questions or comments, please email the Campus Y or the Catalyst Co-chairs at unccatalyst@gmail.com. Thank you for your cooperation as an integral part of the Catalyst Conference. **The 2016 Catalyst Conference application is online and can be accessed by clicking [here](#).**

UPLIFT PLUS Uplift PLUS is a six-week program that takes place during Carolina's Summer Session II. High achieving, Project Uplift participants are selected based off of their outstanding Project Uplift applications. During the six-week program, participants will live in Alexander Residence Hall, attend a SAT/ACT session and enroll in English 105 – a 3 credit hour course. To further expand participants' knowledge of different academic and career fields, Uplift PLUS participants will gain exposure to units across the campus community. In addition to serving as daily program advisors, UP staff members serve as tutors and program facilitators. Participants will also have an opportunity to engage with important campus resources throughout the summer.

Uplift Plus is approaching its third year, and students who have participated have seen an average of a 200-point increase on the SAT, and a majority of participants have matriculated to the University.

Who is eligible?

Uplift Plus is for students who attend Project Uplift – outstanding students are invited to participate based off of their Project Uplift applications. **Please contact us at diversity@unc.edu if you have any questions about the nomination and/or application process.**

Applications for all three programs will be available at diversity.unc.edu by December 1, 2015.

This scholarship challenges students to, "boost someone's self-esteem just by posting a positive or inspirational message." Applicants select quotes from a pre-approved list and post them all around the school to spread kindness and positive thinking. I posted 52 quotes around school: in bathrooms, on lockers and mirrors, etc. I had a few friends help me add color to the quotes and hang them up. Applicants were encouraged to tweet pictures of their quotes with the hashtag "Choose Kindness." Everyone who submits pictures of their campaign are entered to win a \$5,000 scholarship to the school of their choice. Great job Halle!!
