

ACCESSING POWERSCHOOL PARENT PORTAL FROM THE MOBILE APP

Created By: Technology Services

Summary: This tutorial will explain how to access the PowerSchool Parent Portal using the mobile application.

1. Download the mobile application from the mobile store your phone uses, i.e. iTunes or Android Market. The application you should search for is “**PowerSchool for Parents**”

Note: To use this application and log in, you must first setup your account based on the information provided by your child’s school.

2. Open the PowerSchool for Parents application on your mobile device and go through the steps below to get started:

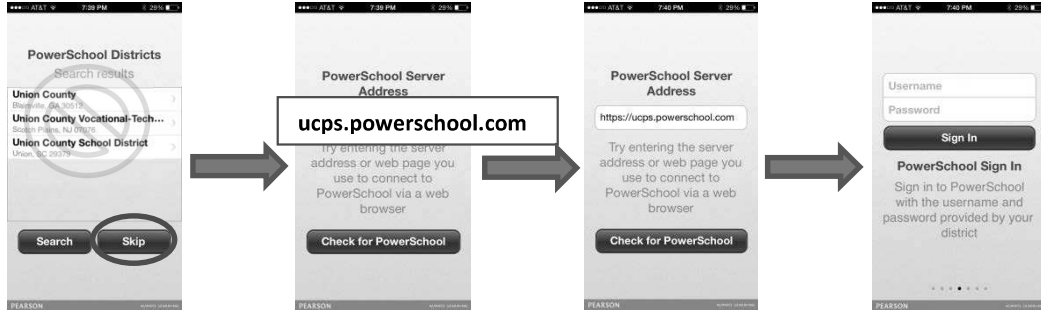

Union County Public Schools may not be in the PowerSchool database.

Technology Services Department

721 Brewer Drive
Monroe, NC 28112
(704) 296-3143

3. If Union County does not come up when you search for our district, select “skip” and then type in **ucps.powerschool.com** in the PowerSchool Server Address and click “Check for PowerSchool”

4. Once the PowerSchool app is associated with Union County, you can enter your username and password. Users create username and password based on the instructions provided by your child’s school. Scroll through the various screens and click “Get Started!” to begin using the mobile application.
