No related arts 1st block, so only a 2 min class change for 6th/7th grade needed.
 (Those 2 minutes get added to the lunch areas as cushion time)
 The way it is set up now, 6th and 7th grade SS/SC would not split their classes around lunch, but if either grade would want to split 1 of the classes - ex. 10 min, lunch, 34 min, then you could tighten up the time between 6th and 7th grade lunches. If you did that, you can adjust 8th grade lunch accordingly.
