**Lottery Process**

- Students meeting the Central Academy of Technology & Arts Admission Criteria and Application Period deadlines described above will be placed in the 10<sup>th</sup> Grade CATA lottery.
- The CATA lottery will determine if a child is admitted in his/her desired academy (all Information Systems, Pre-Engineering, Medical Science, and Transportation).

- Information Systems, Pre-Engineering, Medical Science, and Transportation spots are based on the students' UCPS determined home school cluster for the upcoming year (2021-2022) through the lottery process. The home school cluster is the cluster that the student's current address is assigned to for the upcoming school year.
- For the Performing Arts Academies – Dance, Music Production and Recording Arts, and Theatre - if students are not selected for these academies after auditions, or are placed on waiting lists, the students will be placed into the lottery for their other Academy choice listed on their application if another academy choice was provided
- Each Academy in the lottery has a set number of spots assigned to each UCPS home school cluster.
- The 2021 – 2022 10<sup>th</sup> Grade CATA Lottery will be held via Scribbles during the summer. Only students that meet the entrance criteria will go into the lottery.

### ***Notification and Admittance to Central Academy of Technology & Arts***

- Admission opportunities are only available if there are openings in the rising 10th grade class. Admission is considered starting in mid-June through mid-August if spots open up. Since we cannot predict when or if a current student may withdraw, we cannot predict when you might be contacted. Typically the majority of placements take place in July. Once students begin to withdraw the 10<sup>th</sup> Grade Lottery process will begin via Scribbles and continue until all spots are filled.
- Parents must confirm or deny their child's seat via the Scribbles Dashboard within 48 hours. Reminders will not be made. If a response is not received, The Office of Student Assignment will treat this as a rejection of the offer, and that spot will be given to another student on the waitlist. CATA will post via Social Media when the 10<sup>th</sup> Grade Lottery process begins.
- **When accepting the Academy placement, parents/students are committing to a one year commitment to Central Academy.** In addition, students will not be able to change their academy while attending Central Academy.
- **Dance, Music Production and Recording Arts, and Theatre Academies** - families will be notified if their child is being offered admission as well via Scribbles Dashboard.
- Admission is only offered for the beginning of the 9th and 10th grade. No mid-year admission is available. .

***Performing Arts Academies*** - students must participate in an audition (whether it is their first or second choice) for Dance, Music Production and Recording Arts (MPRA), and Theatre. Students not completing the audition (see requirements below) will have that Academy selection removed from their application. After submitting your application please visit the CATA Performing Arts Academy Website to submit your audition via Google Doc.

- Dance, MPRA, and Theatre: Audition Based Selection
  - Meet all general Central Academy Admission Criteria
  - Participate in required Audition
  - Students will be recommended for admission based on Instructor Scoring of Audition, students meeting criteria, but not recommended for initial admission may also be placed on wait list
  - Students not meeting Audition criteria or placed on a wait list, will be entered into the lottery if they identified an additional Academy selection
