- No Updates

Goal 2- Establish and strengthen mental health support for UCPS student population. Goals to increase Mental Health Therapists, Social Workers, and expand teletherapy, and crisis response team efforts

- No updates.

General Discussion

Wendy Nielsen- We need a parent rep on SHAC. Linda OConnor has 2 names to put forth to invite. The Community Health Survey through Union County Health Department went out in the UCPS staff Newsletter recently.

Susannah Stone-Gill- shared a power point on measles. Union County Health Department is preparing in the event that Measles arrives in Union county. The virus can live up to 2 hours in air space of a room after the infected person leaves the room. An infected individual is contagious for 4 days before and 4 days after developing the measles rash. Exposed individuals need to monitor themselves for symptoms for 21 days after exposure. UCHD and School Nurses will work together to identify contacts and notify parents when needed. Linda O Connor states she has an event coming up and she would be happy to share pamphlets related to Measles from UCHD at her table.

Remaining SHAC meeting of 24/25 year will be held virtually on 5/20/25. At 3:00 pm
