Beginning Teacher Support Program

Part II – Program Narrative

The Beginning Teacher Support Program is a state-mandated three-year induction program designed to support beginning teachers. The program is designed so that the experiences of beginning teachers are positive and focused on the knowledge, skills, and dispositions associated with effective teaching. The support program's platform is aligned with the North Carolina Professional Teaching Standards and the North Carolina Educator Effectiveness System with targeted support from mentors within the school's Professional Learning Community (PLC).

A. Program Administration

The Union County Public Schools (UCPS) System is comprised of thirty elementary schools (K-5), nine middle schools (6-8), eleven high schools (9-12), and three special schools.

The UCPS Beginning Teacher Support Program includes first-year, second-year, and third-year beginning teachers (BTs). All beginning teachers receive support from mentors, principals, site-based facilitators, and central services staff. Beginning teachers are evaluated by building administrators using the North Carolina Educator Effectiveness System (NCEES).

Human Resources Division Staff Members in collaboration with other stakeholders develop, implement, and evaluate components of the Beginning Teacher Support Program (BTSP). Beginning Teacher Support Team Members, at the behest of the Assistant Superintendent of Human Resources, monitor BTSP activities for beginning teachers and mentors.

Principals are responsible for conducting formal observations, completing summary evaluations, and making employment recommendations. Licensure decisions are separate from employment decisions. A recommendation for continuing licensure at the end of the third year does not obligate the Public School Unit (PSU) to continue the licensed employee's employment.

Effective, July 1, 2016, teachers who hold an Initial License are eligible to convert to a Continuing License once all required coursework has been successfully completed, all NCSBE approved examinations have been passed, and the teacher has completed three years of teaching.

Additionally, the Recent Graduate Survey must be completed by each beginning teacher and the Employer Survey by the principal of the school during the BT's first year of teaching as part of the requirements to measure the performance of Educator Preparation Programs (EPPs) stated in GS 115C-269.35. The surveys must be completed at the end of the beginning teacher's first year of teaching.

B. Formal Orientation

Beginning teachers participate in orientation activities at the Public School Unit (PSU)-level and the building-level. The orientations are conducted prior to the arrival of students, within the first ten days of employment, or as soon as it is feasible to do so. At a minimum, the orientation at the PSU-level provides beginning teachers with an overview of the following:

- School's/PSU's goals, policies, and procedures
- Description of available services and training opportunities
- Beginning Teacher Support Program
- Process for achieving a Standard Professional 2 (continuing) license
- North Carolina Educator Effectiveness System (NCEES)
- NC Standard Course of Study

- Local Curriculum Guides
- Procedures on the Safe and Appropriate Use of Seclusion and Restraint of Students
- State Board of Education's Mission and Goals

The attendance of each beginning teacher is documented through an orientation sign-in roster that verifies the date, location, and time of the orientation, and the school to which the beginning teacher is assigned. The sign-in roster will be maintained in an electronic database that may be accessed by the Beginning Teacher Support Team and other stakeholders as needed.

Expectations of Beginning Teachers

Local and state expectations of beginning teachers include the following:

- Orientation that includes state, PSU, and school expectations
- Limited preparations
- Limited non-instructional duties
- Limited number of exceptional or special needs students
- No extracurricular assignments unless requested in writing by the beginning teacher.

The term “non-instructional duties” refers to those duties that are not directly involved with the instructional program or the implementation of the Standard Course of Study (SCOS)/

Common Core Standards, but duties that all teachers are expected to perform. Examples would include bus duty, lunch duty, and hall duty. The term “extracurricular activities” refers to those activities performed by a teacher involving students that are outside the regular school day and are not directly related to the instructional program.

The following steps will be taken to assure that optimum working conditions are provided for beginning teachers.

- Beginning teachers are required to sign the Optimum Working Conditions Consent Form if they request an extracurricular activity.

Mentor Evaluation Requirements

Each year, the beginning teacher is assigned a mentor who meets the following requirements:

- Rated at least “Proficient” on the NCEES
- Rated at “Proficient” or higher on three of five standards on the most recent Summary Evaluation or on Standards 1 and 4 on an Abbreviated Evaluation.

Retired teachers are eligible to serve as mentors. The principal shall determine which mentor teacher best meets the needs of each beginning teacher and shall assign the most appropriate mentor teacher to the beginning teacher, with priority consideration for mentors rated as “Distinguished” or “Accomplished” on the most recent Summary Evaluation or Standard 4 for teachers on an Abbreviated Evaluation.

Accomplished means a teacher has received ratings of “Accomplished” on three of the five standards to include Standard 4 of the most recent Summary Evaluation or Standard 4 for teachers on an Abbreviated Evaluation.

If a principal determines that a teacher rated as “Proficient” or a retired teacher is the most appropriate mentor for a new teacher, the principal shall maintain records of the reasons for that determination.

In the event that a Summary Evaluation from the prior year is not available, UCPS will use the most recent Summary Evaluation. However, teachers without evaluation data for two or more consecutive years shall not be eligible to serve as mentor teachers, unless the mentor they are retired teachers.

Any teacher who is assigned to be a mentor to a beginning teacher must meet eligibility requirements in the year of the assignment. No mentor whose evaluation falls below the “Proficient” level may continue to serve as a mentor to a beginning teacher, regardless of existing mentor-mentee relationships.

A teacher may be a mentor at a different school building from which the mentor is assigned if the principals of each school and the mentor teacher approve the assignment, the mentor is rated at least “Accomplished” (received ratings of “Accomplished” or higher on three of five standards including Standard 4 on the most recent Summary Evaluation, or on Standard 4 on an Abbreviated Evaluation), and the BT’s principal maintains a record of the reasons for selecting the mentor from a different school.

Process for Beginning Teacher Observations and Summary Evaluation

- All teachers, principals and peer evaluators must complete training on the evaluation process.
- Within the first two weeks of a teacher’s first day of work every school year, the teacher will receive the following:
 - a rubric for evaluating NC teachers
 - the evaluation policy
 - a schedule for completing all components of the evaluation process.
- Each year, beginning teachers must receive the following:

- three administrative observations that last 45 minutes or an entire class period
- one peer observation
- one Summary Evaluation

Note: The first observation must have a pre-conference, and all observations must have a post-conference within 10 days.

- Monitored Growth Plans and Directed Growth Plans must be implemented when necessitated by ratings.
- For BT1s and BT2s, at least two observations must be conducted in the first semester of the school year, and if practical, at least one of the observations shall be within the first grading period.
- For BT1s and BT2s, at one of the three annual administrative observations must be conducted by the principal.
