Advancement Via Individual Determination

Continued from last the last newsletter...

4. EMBEDDED SOFT SKILLS

Students learn soft skills like public speaking, self-advocacy, time management, organization, and more. Here, a student is showing her presentation skills by confidently communicating with her group. There are a variety of AVID activities that allow students to hone their soft skills in an authentic way.

5. CLASSROOM SET-UP

Desks and chairs are arranged to best suit the learning activity and to encourage students to talk and to work more effectively together.
