

THE BEAVER BULLETIN

Marshville Elementary (Union County, NC)

@MarshvilleES_NC

Est. 2017 Volume 3. Issue 33.

February 12, 2019

Join us for the first annual Marshville Olympics!

Thursday, February 21, 2019
6:30-8:30 PM

Travel from country to country playing games and participating in activities that support reading and math for your child's grade level. Everyone will leave with games and activities to take home to continue the fun! Visit the US for information on what is taught in each grade level then visit 3 more countries to get your gold medal and have your picture taken on our Marshville Olympic podium. Refreshments will be provided in the cafeteria once your picture is taken.

Fri 2/22	Teacher Workday

TEACH "DOING YOUR BEST," NOT "BEING THE BEST"

Realistic high expectations support school success. Unrealistic expectations can doom a child's enthusiasm for school and learning.

- *Praise your child when he tries hard, no matter what the outcome.
- *Help your child see that he wouldn't be learning if always got a perfect score.
- *Talk with your child about your own mistakes. Point out the lessons these mistakes have helped you learn.
- *Help your child focus on problem-solving skills when he's faced with a tough challenge.

STAR STUDENT

Javari Johnson

Javari works hard to solve his own problems! He thinks of solutions and makes every effort to accomplish it. He never complains! Thank you for being responsible Jarvari!

Confidence

What you can do to promote Confidence at home:

Confidence comes with perceived opportunities for success. The more kids feel that they are up for the challenge, the more confidence they will display. Give children ample time and space to practice confidence. Practice routines to develop your child's sense of confidence.

*Ask children for their opinion of books they read and of current events.

*What do you think we should read tonight?

*I need your help. How might we solve this problem?

*How might you change the world?

Actions to develop your child's sense of confidence:

*I'm Proud of Me: Have all of the family members write down three reasons why they are proud of themselves.

*Confidence Notes: Have family members write anonymous notes of praise to one another.

*Constant Confidence: Build your child's confidence as a reader and speaker by allowing time for reading and speaking every day. For example, set time every day for family members to talk about what they are reading.

Advancement Via Individual Determination

Quotes from AVID students

AVID's mission is to close the achievement gap by preparing all students to succeed for college readiness and success in a global society.

- "AVID has helped me become more organized." - Kaitlyn (2nd year AVID student)
- "AVID helped me become more organized." - Kevin (3rd year AVID student)
- "Because of AVID, my organization has improved." - Shashante (2nd year AVID student)
- "AVID motivates me and makes me want to do better." - David (3rd year AVID student)
- "Cornell Notes have helped me with my tests." - CJ (1st year AVID student)
- "It has helped me think more about college and my future as well as keep me focused on my grades." - Sam (2nd year AVID student)
