Mon 12/10	Fundraiser Top Sellers to Bank of America Stadium

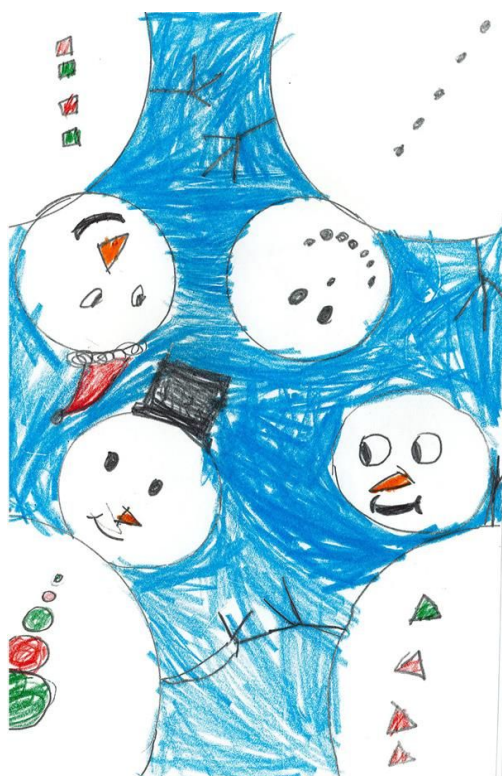

AVERAGE ATTENDANCE FOR NOVEMBER

94.68%

STAR STUDENT

LaDamion Bivens stood up and took the blame for something he did not do so his class would not lose a beaver tail. LaDamion put his class above himself. Well done LaDamion!

UCPS kicks off the holiday season by hosting a districtwide holiday card contest featuring student artwork! Our very own first grader, Guillermo Betancourt, was selected as one of nine finalist out of more than 400 designs! Guillermo created a jolly group of frosty snowman friends ready for the holiday season! Guillermo said, "I wanted to draw snowmen because it was almost Christmas and snowmen make me think of Christmas!" Congratulations Guillermo, we are so proud of you!

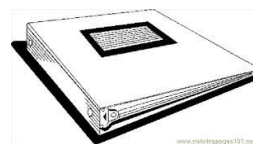

Advancement Via Individual Determination

W.I.C.O.R

WICOR is an acronym for strategies used in AVID classrooms. The letters stand for Writing, Inquiry, Collaboration, Organization, and Reading.

Organization must be explicitly taught to all students. There are many methods of organizations and once students have mastered a particular method, they may find a different method that they prefer. But, it is essential that they learn at least one method well. Marshville focuses on the 3-ring binder as the best method of organization. This system will help prepare them for middle and high school. AVID uses multiple different processes, procedures, and tools to use the organization branch of WICOR, by managing materials and practicing using an agenda, prioritizing school work, engaging in mental preparation, and taking responsibility for ones school work and homework. AVID students are expected to use their agendas and binders, which help them remember HW, important dates, and also organize our papers. Regular checks take place to ensure that students are using our organization tools. Parents should regularly check their child's AVID notebook to see important papers and logs.

Stay tuned to learning about each letter of W.I.C.O.R in the weeks to come.
