Important Vaccine Information - Please Read

In 2015, the State of North Carolina added Meningococcal vaccine to the school required immunizations. The first dose of Meningococcal vaccine, MCV, was given to this year's Juniors prior to the start of 7th grade as a school required vaccine. The second dose of this vaccine is required prior to the start of the Senior year, the 2021-22 school year.

If your child does not currently have evidence of the MCV vaccine, please contact your child's health care provider to obtain it. Following administration of the vaccine, please submit a copy of the record to the school nurse yet this school year. This documentation must be on file here at school prior to the start of the 2021-22 school year to meet this school enrollment requirement. Individuals born before 1/1/2003 are exempt from this requirement.

For complete details and explanations, please review the website <https://immunize.nc.gov/schools/ncruleslaws.htm> for NC general statutes 130A-157.

Thank you for your timely attention to this matter. If you have any questions, our school nurse will certainly be available to you as a resource.
