Public Safety 1

“Public Safety 1 provides basic career information in public safety including corrections, emergency and fire management, security and protection, law enforcement, and legal services. Additionally, students will develop a personal plan for a career in public safety. The course includes skills in each area, using resources from the community to help deliver instruction to the students.”

Law & Justice 1

“Students desiring to pursue a career in Law and Justice will examine the basic concepts of law related to citizens’ rights and officers’ responsibilities to maintain a safe society. This course begins with a study of various careers in public safety. The course will explore the history and development of law enforcement in the United States. Students will then examine the components of the criminal justice system, including the roles and responsibilities of the police, courts, and corrections.”

Law & Justice 2

“This Honors course is an adapted course aligned with the nationally recognized Certified Protective Officer (CPO) certification through the International Federation of Protective Officers (IFPO). The legal age to obtain ones BLET certification is 21 years of age. NCDPI, in conjunction with a variety of Law Enforcement Agencies across NC, selected the CPO certification as a great opportunity for students to be employed in the field related to law enforcement at the age of 18. Students, who can begin their works experience in this field immediately out of high school can gain both a salary and experience, enabling them to pursue their post-secondary education while they wait to reach the legal age of 21 for entrance into a law enforcement career when desired”

2. Complete the Residency Determination Service AND provide your Residency Certification Number (RCN)

How to Create an FSA ID

The FSA ID – a username and password – must be used to log in to certain U.S. Department of Education websites. Your FSA ID confirms your identity when you access your financial aid information and electronically sign Federal Student Aid documents.

Both parents and students need FSA IDs because most students are considered dependents and therefore not allowed to sign the FAFSA by themselves. There are specific criteria for independent students, who do not need a parent signature.

If you do not already have an FSA ID, you can create one when logging in to [FAFSA.gov](https://fafsa.gov).

- When you go to [FAFSA.gov](https://fafsa.gov), click the button prompting you to create an FSA ID
- Create a username and password
- Use your personal email address and phone number
- Enter your name, date of birth, SSN, contact information, and challenge questions and answers
- Review your information and read and accept the terms and conditions
- Confirm your email address and phone number using the secure codes. Once you verify your email address, you can use either your email or username to log in to the websites.

The FAFSA Priority Application Deadline is coming up quickly! After March 1st, you're significantly less likely to receive scholarship and grant money in your financial aid package and more likely to receive loan offers.

IMPORTANT NOTE Your parents/guardians will have to create an FSA ID as well. If your parents/guardians do not have a Social Security Number (SSN), please enter 000-00-000. If you have any questions, please see your college advisor.

Trent Morrow, from L&B Counseling, will present "The Anxiety Trap." It's human to experience fear, self-doubt and confusion. In the right dose these feelings can be helpful—they keep us vigilant, engaged, and productive. However, sometimes anxiety can act as a trap when it begins to overburden our brains and undermine the way we and our kids perform. Trent will discuss how to break free from this kind of anxiety and discuss the strategies that can put us all in charge instead of the anxiety.

Trent Morrow, de L&B Counseling, presentará "La trampa de la Ansiedad". Es humano experimentar miedo, dudas y confusión. En la dosis correcta, estos sentimientos pueden ser útiles: nos mantienen vigilantes, comprometidos y productivos. Sin embargo, a veces la ansiedad puede actuar como una trampa cuando comienza a sobrecargar nuestros cerebros y a minar la forma en la que nuestros hijos y nosotros nos desempeñamos. Trent hablará de cómo liberarse de este tipo de ansiedad y de las estrategias que nos pueden poner a cargo en lugar de la ansiedad.

[“Major Clarity”](#)

UCPS continues to utilize a program called Major Clarity for career resources. All Porter Ridge High School students have a Major Clarity account and they can access it by going to the UCPS High School Student Start Up page and click on their NCEdCloud IAM Clever title to login in. Students will then click on the Clever tile. Click on Student & Teacher Log in with NCEdCloud and scroll down until they see More apps and select the Major Clarity tile. Once they are in their Major Clarity account, on the left hand side they can select assessments and take the Personality Assessment & Learning Styles Assessment. After the student takes the Personality Assessment, back on the left side they can click Career Exploration and either search for what they would like to see or if they scroll down, they will see careers that have a Fit Score and click on them to learn more about each career. Below are screenshots as well. Another resource in Major Clarity students can earn Micro-Credentials. Micro-Credentials can be received after students complete a mini course. These credentials can help students take the next step in their career discovery and help them stand-out by earning subject matter micro-credentials, built in partnership with leading employers and educational institutions. If you have any questions or would like more information, please email Ms. Webb at sarah.webb@ucps.k12.nc.us.
