This unique program from the College Board allows students to take two additional AP Courses unique to the AP Capstone program. These courses are AP Seminar and AP Research. The AP Capstone Program started with the Class of 2021 at Porter Ridge and our Capstone students have an excellent record of high performance in AP courses, with over 95% of our Class of 2023 earning a diploma or certificate. Students may take these courses along with other AP Courses and be eligible to work towards an AP Capstone Diploma from the College Board. According to College Board, AP Capstone is built on the foundation of two AP® courses — AP Seminar and AP Research — and is designed to complement and enhance the in-depth, discipline-specific study experienced in other AP courses. More information can be found on the College Board website. If interested, please contact your counselor.

Attend Today and Achieve Tomorrow

Student attendance at school is expected and is necessary for students to make the most of their learning. Please work with us as we try to teach our students that attendance is required, just as it would be at a job in their future.

- Parents can provide notes for up to five days that a student is absent. After those days PRHS will require a doctor/medical note to excuse the absence.
- An absence will be recorded as unexcused until the note is submitted. Parent notes must be in within five days of the student's return to school.
- If a student misses 8 or more days of school in a semester, whether the absences are excused or unexcused, the student will fail the course due to attendance.

PRHS IS A LEADERSHIP HIGH SCHOOL

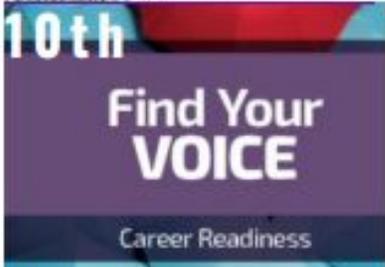

LeaderinMe®

CHECK OUT WHAT OUR STUDENTS DO IN ADVISORY!

The Seven Habits Course is all about developing life-readiness skills to prepare you to lead your own life and face difficult challenges. Everyone is a leader, including you. Effective leaders do things in ways that yield lasting positive results and live by timeless, universal principles. Principles provide constancy amidst change; each of the 7 Habits is based on principles of effectiveness that will guide you through life's greatest challenges.

The Find Your Voice Career Readiness course is designed to help you learn and master skills that will enable you to find and then express your voice at school, at home, online, in the workplace, on a team, and in a competitive world market. Everyone has something to say but learning how to say it makes all the difference.

The Take Charge College Readiness course is designed to prepare you for the challenges and new responsibilities post-secondary education brings to students like you. The best thing you can do is apply what you learn in this course right away. If you do, you won't find yourself scrambling to develop important skills that make academic and general success possible. This course is for all students who will attend a 4-year university, 2 year, vocational school or enter into the workforce or military.

The Inspire Others Leadership Readiness course is all about Inspiring your team and keeping organized. These skills require both interpersonal effectiveness and the time-tested tools of leadership. The intent of this course is to learn and apply the same processes used by organizational leaders across the world. While the content in this course is world-class, the project-based learning approach is what brings it to life.

NEXT STOP TEACH UCPS

Want to become a teacher?
Start your journey right now in high school!

- Three pathways are offered
- Earn an Associate's Degree from SPCC at no cost
- Attend Wingate University to earn a Bachelor's Degree
- Earn a Gateway to Wingate Scholarship - Students pay no more than \$2,500 per year
- Participate in apprenticeship and internship programs, professional development and student teaching opportunities
- Become a certified teacher within four years after high school

When I enrolled in the Teaching as a Profession class, I expected to learn the basics of how to be a teacher. In other words, I anticipated purely learning how to share information with others, the process of grading tests, finding worksheets, and other responsibilities of a teacher. I learned so much more in this class than I ever had in mind. I gained new insight on how different ages of children act, how to create a classroom that is inclusive, how each student has a unique learning style, and that a classroom is made up of several different parts, not just the academic instruction.
