**Enhancing and Empowering our local communities.**

Union Power Cooperative invests in teachers, students, families, and their futures through powerful partnerships and programs that support our mission to enhance the quality of life of our members and the communities we serve. This principle is woven deeply into our various programs.

The Union Power College Scholarship is available each year from September through March to current high school seniors planning to attend a North Carolina-accredited college or university. The scholarship is a one-time offer of \$1,000. The senior must be a child of a Union Power Cooperative member or live in a home served by Union Power Cooperative.

In 1994, North Carolina's electric cooperatives dedicated their interest in improving education. The Bright Ideas grant program has expanded over the past two decades, encouraging teachers to share their bright ideas that will be meaningful and engage students to further their education. Teachers from our service area can apply for up to \$2,000 per grant from April through September.

Youth Tour provides an opportunity for high school juniors to have an unforgettable, all-expense paid trip to Washington, D.C. Students will learn about the history of the nation's capital and better understand how American history has shaped the U.S. today. It also allows students to take on leadership roles and learn their value as a citizen.

Each year, students in the sixth and seventh grades can apply for a chance to play on the court for two of the state's largest universities - N.C. State and University of Chapel Hill from January through March.

## **TARDY POLICY**

Parents, it is important that students are on time for classes throughout the day. In order to ensure that you are aware if your child is tardy to class we will begin to send home notifications via our ConnectEd communication tool when your child has an unexcused tardy. We do have consequences for excessive tardies at school and these can be found in our [PRHS Student Handbook](#). Staff at PRHS remind students that the expectation is to go directly from one class to their next class, by taking the most efficient route possible. While we allow 5 minutes for each transition, students should report to their next class as quickly as possible and do not need the full five minutes. We find that students who take the most direct path to get to class and do not go into different parts of the building are always on time to class. If tardiness is due to a late bus they will be given a pass to class and will have an excused tardy which does not count against them. Thank you for your support as we teach our children the importance of being on time.

### ***Attend Today and Achieve Tomorrow***

**Student attendance at school is expected and is necessary for students to make the most of their learning. Please work with us as we try to teach our students that attendance is required, just as it would be at a job in their future.**

- Parents can provide notes for up to five days that a student is absent. After those days PRHS will require a doctor/medical note to excuse the absence.
- An absence will be recorded as unexcused until the note is submitted. Parent notes should be in within five days of the student's return to school.
- If a student misses 8 or more days of school in a semester, whether the absences are excused or unexcused, the student can fail the course due to attendance.
