

Students: Logging Into Canvas (NCEdCloud/Clever)

Canvas is the learning management system (LMS) supported by UCPS for teachers, students and parents. Students are enrolled in courses according to their schedule in Powerschool. Teachers and students use the course to share resources, information and assignments.

1. Visit the Student Startup Page for the correct level

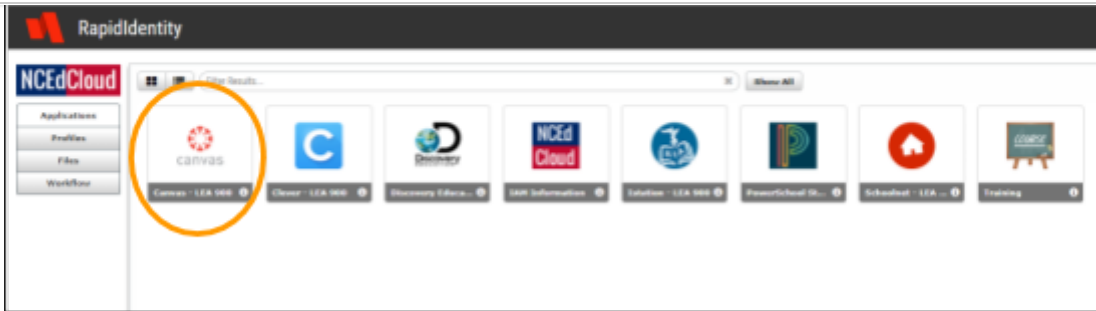

- a. Elementary - <http://bit.ly/UCPSelmSSU>
- b. Middle - <https://bit.ly/UCPSmidSSU>
- c. High - <https://bit.ly/UCPShighSSU>

2. Select NCEdCloud/Clever tile

3. Enter student username. Click **Go**. Username should be 8-10 digit number. This number is the same as the student's Chromebook login number, powerschool number, and various other account usernames.

4. Enter student password. Click **Go**. Passwords for students in grades 3-12 are a complex password that they use to log into the Chromebook. This password is often the same from grades 3 through 12th grade. If you do not

← Student Log in to Canvas/NCEdCloud/Clever

5. Students can select the application they would like to launch from the tiles in the NCEdCloud portal.

a. **Canvas** is the learning management system

b. **Clever** houses additional applications including Dreambox, myON, Istation, IXL, BrainPOP and Albert.

EmpowerED

In compliance with federal law, UCPS administers all educational programs, employment activities and admissions without discrimination against any person on the basis of gender, race, color, religion, national origin, age or disability.
