Alternate Courses

Students may not always receive their first choice course(s), it is important to write in 4 alternate electives below.

1 _____ 2 _____ 3 _____ 4 _____

We recommend that you communicate with your child's teachers and/or counselor when selecting courses. Consider courses that will provide your child a challenging and successful educational experience. Students who score Levels I, II, or III on EOG test(s) may be subject to administrative schedule changes for academic reasons.

We have carefully considered the above course selections. We understand that all courses we have chosen constitute a year commitment. We understand that dropping a course after the first 10 days results in a grade of F.
