## Troubleshooting Messages re: Missing Application Documents

In the coming weeks, if you receive an alert from a college that they haven't received an application document, don't panic! Colleges are often flooded with documents, especially close to an application deadline, and their teams need adequate time to process the influx.

In almost all instances, the required documents were in fact received by the application processing department but the college's applicant portal either hasn't updated to reflect receipt, or there's a possible mismatch between the personal information students used on their applications and what's listed in Scoir (think: first name and last name, email, DOB, etc.).

Check your SCOIR account to see when documents were submitted. If 3 or 4 weeks has passed since the submission, call the admissions office to confirm receipt of your items.

## College Application Month

October kicks off National College Application Month! We will be celebrating College Application Week Oct. 18-22.
