Dear Senior and Parent/Guardian,

When a senior has successfully completed high school graduation requirements to the point that less than four classes are necessary to fulfill diploma requirements, that senior may be considered for the Flex Day Program. This program allows 12th grade students to enroll in only those courses needed to complete the graduation requirements. Courses should be scheduled consecutively at the beginning of the day or at the end of the day. The expectation is that the student will arrive on school grounds, attend the required course blocks and then leave school grounds.

The Flex Day Program is only recommended for students who plan on graduating and entering the workforce or attending community college. It is not recommended for students who must maintain a rigorous schedule to be admitted into a four-year university. We recommend that you contact the admissions offices of the universities to discuss if the Flex Day Program will have an effect on college admissions.

If you would like to participate in Flex Day, please complete the following application. Participation in the program is pending principal approval. Please contact your school counselor if you have any questions.

Sincerely,

CHS Guidance Team

Flex Day Application

The student must meet with a counselor and submit this application prior to the 5th day of each semester of anticipated participation.
