

Attendees: Dr. Poole, Donna Grexa, Jeff Reynolds, Doug Covell, Dru Thomas, Gary Anderson
Absent: Carrie Mabry

1. Focus – Curriculum and Instruction
 - a. The team was advised to discuss with their departments ways to provide students with feedback over assignments given in class. Parent(s) complained that they cannot review with their child or go over information that was missed on tests and other assignments because they are not being returned to the students. Dr. Poole said he would discuss this with the leadership team, now the Site-Based team, and next he will address it at the faculty meeting.
2. Construction – Old repairs vs. New School
 - a. Dr. Poole shared the plan of repairing the existing Sun Valley High School 13 million plan
 - b. Dr. Poole shared the plan of building a new Sun Valley High (15 million to sell the property, 10 million saved from not doing repairs). The cost of the new school would essentially be 10 million because of the 25 gained in revenue.
3. School Report Card – The school did very well compared to the State. We need to help students to better prepare for ACT test.
 - a. ACT preparation class
 - b. ACT site has questions of the day
 - c. Everyone is to go back to their department to find ways to prepare
 - d. Make sure everyone has Math III completion
