CENTRAL ACADEMY OF TECHNOLOGY AND ARTS

SCHOOL PROFILE FOR 2023-2024

SCHOOL COUNSELING STAFF

Ashley Cole - Dance, Theatre, & Pre-Engineering Sarah Goodwin - Information Systems & MPRA Stephanie Graham - Medical, Transportation, International Baccalaureate

Tammy Tweed - Secretary

MISSION STATEMENT

To prepare students for informed decision-making, effective citizenships, personal achievements, higher education, and rewarding careers. Focused curriculum is offered in the fields of information systems, medical science, performing arts, preengineering, and transportation systems

CENTRAL ACADEMY OF TECHNOLOGY AND ARTS opened Fall 2006 and is a comprehensive magnet high school of academies. Each year students rising 9th and 10th grade apply throughout the Union County Public School System for a spot in one of the academy programs. Each student applying must be on grade level using North Carolina End of Grade standards in reading and math. The 9th grade students are selected based on a lottery for all academies except Dance, Theatre, and MPRA; those three academies will participate in an audition process. The 10th grade students are selected on a first come, first serve basis. The 10th grade students applying to the Performing Arts Academy also participate in the audition process.

INFORMATION SYSTEMS ACADEMY: In Computer Engineering students learn about building computers, configuring networks and routing. In Software & Game Design students will focus on computer programming, visualization tools, and game design. In Cyber Security students learn about ethics in technology as well as trends in the growing industry. The solid preparation that is offered prepares our high school graduates to achieve any information systems career goal.	PRE-ENGINEERING ACADEMY: Instruction is offered in engineering design through 3-D software, electronics, and computer integrated manufacturing. These are connected together through engineering principles connecting math, science, and technology. The majority of course are delivered through the Project Lead the Way curricula.
PERFORMING ARTS ACADEMY: Programming is offered in Dance, Theatre, and Music Production and Recording Arts (MPRA). All pathways are exposed to the many facets of a successful performance, history, theory, and techniques. The MPRA pathway creates a solid foundation in musicianship and technology. Students will hone their current skills through a variety of courses that will create a well-rounded performer.	MEDICAL SCIENCES ACADEMY: The goal of the Project Lead the Way program is to provide a sequence of courses all aligned with appropriate national learning standards, which follows a proven hands-on, real-world, problem-solving approach to learning. Students explore the concepts of human medicine and are introduced to topics such as physiology, genetics, microbiology, and public health. The students explore the prevention, diagnosis, and treatment of disease.

TRANSPORTATION SYSTEMS ACADEMY: The Automotive Technology pathway provides instruction on brakes, steering, suspension, engine, and electronics. The Collision Repair pathway offers auto body reconstruction and frame straightening. The curriculum allows students to receive hands-on industry-recommended training. Strong academic background and technical application allow for a seamless transition from high school to post-secondary training or high-tech automotive careers.

INTERNATIONAL BACCALAUREATE PROGRAMME: The International Baccalaureate is a global leader in international education developing inquiring, knowledgeable, confident, and caring young people. IB empowers school-aged students to take ownership in their own learning and help them develop future-ready skills to make a difference and thrive in a world that changes fast. CATA will welcome its first class of IB students during the 2022-2023 school year.

COLLEGE PREPATORY ENVIRONMENT: All students are assigned the Future Ready course of study.

DIPLOMA REQUIREMENTS: Students must graduate with a minimum of 28 Carnegie credit units.

SCHEDULE: The CATA curriculum is offered on a 4x4 block schedule for all courses. All students receive daily instruction in four 90-minute classes; earning a maximum of one credit per course.

GRADING SCALE: Union County Public Schools requires the following grading scale/point values. Additional quality points are given for a passing grade (60-100) for specific courses based on the course's academic level.

Numeric Grade	Non-Weighted Point Value
90-100	4.0
89-80	3.0
79-70	2.0
69-60	1.0
AUD, F, FF, P, WF, WP	0.0

Academic Level of Course	Additional Quality Points Given for a Weighted GPA
Basic	No additional points
College Prep	No additional points
Honors	.5 additional points
Advanced Placement (AP)	1 additional point

HONORS AND COLLEGE LEVEL COURSES OFFERED AT CATA

English	Anatomy & Physiology	Adobe Visual Design	Dance III, IV
English I, II, III, IV	Social Studies	Digital Design & Animation I, II	Robotics I, II
Advanced Inquiry	American History	Adobe Video Design	Advanced Manufacturing I, II
Creative Writing	Civic Literacy	Adv. Game Art Design	<u>PLTW</u>
Mythology	American History II	Microsoft Excel	Human Body Systems
<u>Math</u>	Psychology/Sociology	Network Engineering Tech I, II, III	Biomedical Innovation
Math I, II, III, IV	World History	Computer Engineering Tech II	Medical Intervention
Discrete Math	Remember the Holocaust	Python Programming I, II	Principles of Biomedical Science
Pre-Calculus	Foreign Language	Health Science I, II	Introduction to Engineering
<u>Science</u>	Spanish III	Symphonic Band III, IV	Electronic Design and Development
Chemistry	Electives	Chorus III, IV	Computer Integrated Manufacturing
Biology	Sports Medicine I	Music Specialization	Principles of Engineering
Earth Science	Weightlifting	Audio Engineering I	Aerospace
Physics	Counseling and Mental Health	Theatre III, IV	
,	Game Art Design	····· ,	

AP Level course content, pace, and academic rigor are college-level as adopted by the College Board and prepares students to take the AP examinations which may lead to college credit. Most AP classes are yearlong and scheduling conflicts with required academy courses often preclude more than two AP classes per year. In addition, scheduling conflicts with required academy courses can prevent students from taking more than two levels of a World Language.

Advanced Placement (AP) Courses

English	Social Studies
AP English Language and Composition	AP Government
AP English Literature and Composition	AP U.S. History
Math	AP Psychology
AP Calculus AB	Electives
AP Calculus BC	AP Computer Science A
Science	AP Computer Science Principles
AP Biology	AP Studio Art
AP Environmental Science	
AP Chemistry	
AP Physics 1: Algebra Based	
AP Physics C: Electricity and Magnetism	

AP Physics C: Mechanics

STUDENT ORANIZATIONS

Battle of the Books	Maker Club	Yearbook Club
