e. Select your 8 top choices and then select up to 6 alternates from the “alternates” category. You must select at least four alternate courses. If you are a rising junior or senior and plan to take CCP classes, you can enter that in the alternate section. Please keep in mind, we cannot guarantee CCP classes.

- If you are requesting to double-up in a core graduation requirement area, you must list the 2nd course request as an alternate. This option will be available depending upon space availability in the requested courses. There are no guarantees this will be possible.

**** PLEASE NOTE: Your alternate selections are just as important as your first choices.** Please make sure you select courses that you want to take as these courses may appear on your schedule.

5. Once you view the video presentation, you will have until February 28th to make your course selections. Powerschool is down the weekend of February 19th, so please plan accordingly.
6. March 1st through March 19th, students will meet with counselors virtually to go over their registration selections. It is important you attend during your assigned time. You will sign up for your appointment via a sign-up genius link sent to you by email.
7. If you plan on **FLEXING** or **GRADUATING EARLY**, you must email the completed form to your counselor. Links to both are on the student registration page in Power School.
8. If you need a **WAIVER**, please have that form ready for your registration meeting or your class will have to be adjusted down to the recommended level. You can pick this form up or find it on the counseling page (registration link) of the CHS website.
