### 1. Go to [www.pin.ed.gov](http://www.pin.ed.gov)

- Choose **Apply for a PIN** and answer the questions on the screen. Make sure your email address and mailing address are correct.
- Click **Submit Request**. (We recommend choosing 'display PIN now' or 'have PIN emailed to you' so that you receive it immediately. Write it down and save it somewhere you will be able to access it easily!)
- **Both the student AND a parent must create their own unique PIN Number.** A student and parent cannot share the same PIN – it serves as your electronic signature so each person must have their own.
- Save this PIN. You will use it each year to re-apply for federal need-based financial aid.

### 2. Go to [www.fafsa.ed.gov](http://www.fafsa.ed.gov) and click on the green **Start A New FAFSA** button.

- Answer all questions as honestly and accurately as possible. You cannot leave questions blank.
- Instructions are provided for each FAFSA question in the Help and Hints section on the right side of the page.
- The words 'you' and 'your' mean the student. 'School' means the college or university you will attend in 2016.
- *If your parents are divorced, separated, or not living together, you should give the financial information for the parent you lived with the most in 2015.*
- Round up all dollar amounts to the nearest dollar.
- Dates should be typed to correlate to month, date and year (ex: February 1, 2015 would be 02012015).
- You can save your application information at any point in the applications. Click **Save** at the bottom of any page. To go back and restart your application, you will need to provide your first and last name, Social Security number, date of birth, and the password you used when you began the first time.
- When you are finished, sign the FAFSA electronically with your PIN numbers. This allows you to submit the form electronically and you will get your Student Aid Report faster.

3. What happens after you apply?

- A FAFSA processor will analyze the information you provided and calculate an *Expected Family Contribution*.
- The results of your FAFSA will be sent to you and to the schools you listed on your application in the form of a *Student Aid Report (SAR)*. If you provided an email address, your SAR will be emailed to you within 3-5 business days. If you did not provide an email address or did not sign your FAFSA electronically with your PIN number, your SAR will be mailed to you.
- Each individual college or university will look at your SAR and decide what kind and how much financial aid they will disburse to you.
- If you believe you have unusual circumstances that should be taken into account and were not reflected in the FAFSA, you should contact the financial aid office at the college or university, as they are the ones who determine your financial aid package.
