- A fine arts credit ***is not*** a graduation requirement. However, some colleges and universities do require one fine arts credit. South Carolina schools and many California schools have this admissions requirement. Be sure to check the minimum admissions requirements of each school you plan to apply to. This information can be found on each school's website.
- South Carolina schools (Clemson, USC, Coastal Carolina, etc.) require a **3rd lab science**. Biology, Chemistry, Marine Science, Anatomy and Physiology, Forensic Science, Physics, AP, IB and Career and College Promise sciences are considered lab sciences.
- Many schools also require/strongly recommend the 3rd level of a World Language. Again, be sure to check the minimum admissions requirements for each school.

# Number of Applications

- College admissions have become increasingly competitive
- ***Apply to 3-5 schools***
  - 1-2 Reach → academics are slightly lower than the admissions standards
  - 2-4 Match → academics match the admission standards
  - 1-2 Safe → academics exceed the admission standards
