- LIM Notebooks <https://docs.google.com/document/d/1GVoklcFGVxwPi199hUvwmGCfDN6I4NaPJBSR5agNZdg/edit?ts=5fca5d1d>
- **Kindergarten:** still working on notebooks. Now they are tracking math and reading! Tier 2 students are working on their goals or making changes to meet their needs!
 - **First:** We are working as a class/grade level on Blends, but each student is tracking their progress toward their own goals (blends, CVC, digraphs, or r-controlled). Each student is also meeting weekly with teachers to update those and update their math facts data based on their weekly assessment.
 - **Second:** continuing reading. We will be adding in math after we talk this week!
 - **Third:** continuing to work on reading by tracking phonics and word recognition. We met the class math goal and will make new ones. LOTS of encouragement from students to other students!
 - **Fourth:** Tier 2 reading students are working with McSheehan and Jones to catch up. Math has the first data point and will gather the next point this week. Will use those to identify the students who need Tier 2 math support.
 - **Fifth:** still tracking on digital platforms. Helps that they are tracking grades because they can see what they are missing and how it is impacting them. They track a little bit each day!
