★ **Specials/Support Staff-**

- One weak area on the district MTSS survey that the team completed was consistent core behavior practices across the school. We used to have a PBIS matrix for tier 1 behavior expectations, do we need to revamp/reconsider that to go along with Leader in Me?

- Team agrees this needs to be revisited by MTSS team
- Eller: I would like to have access to CKLA materials next year. This would help me greatly in my planning.
 - District decision, she can access everything digitally through demo license
