New Business:

Approval of Meeting Minutes - 10/31/18: The team reviewed ,voted on, and approved the meeting minutes from 10/31/2018.

Club Proposal - Astronomy: Payton Mills presented her proposal on the Astronomy Club. She answered questions from the Site Based Team. Later, after discussing the new guidelines for the formation of new clubs, the committee approved the formation of the club.

Club Proposal - Quidditch: George Boyadjian and Jamie Morano presented their proposal on the Quidditch Club. They answered questions from the Site Based Team. Later, after discussing the new guidelines for the formation of new clubs, the committee approved the formation of the club.

EmpowerED & School Improvement Plan: Mr. Beard and Mr. Lacy provided an update on the EmpowerED initiative. Teachers to use research based instructional strategies to enhance student learning. Mr. Beard discussed all the strategies, what has been done and what is to come. Mr. Lacy asked Site Based, "What does Porter Ridge need to be more Empowered?"

Recovery Process: Site Based reviewed the proposed changes made to the recovery process. Ferron and Gaetano answered questions that were asked. The team approved the changes.

Pirate Logo Feedback & Clarification: Review of feedback: nearly 50/50 split between being in favor of option D (without the goatee) and not wanting to add any logo. A pirate logo would be in addition to the traditional PR and would not replace it. Ferron asked the Team to vote again. 8 voted in favored and 6 voted not in favor of the changes.

Events Held During the School Day: Traditionally Student Council has been the only student group to run events during the school day. What are everyone's thoughts regarding other groups of students (clubs for example) running events during the school day? Mr. Ferron guided the discussion. Gaetano suggested that PRHS focus more on whole student body events. Site Based voted in favor of whole body events.

Next Meeting: Wednesday, January 30th
