Using teams already in place. Those 4 indicators include-

1. MTSS
2. SEL
3. PLC
4. Communications

SBMT will receive access to NCStar

MTSS- This year MTSS has to be fully implemented. Action items reflect this, and will be monitored by indicator teams.

Will see more accountability action items.

Survey perception items: parents felt we communicated well in many areas, but not when students were failing.

3 more MTSS training sessions. More personalized learning, small groups, SEL interventions, recognitions.

SEL- SEL teams meet weekly. MTSS team meets weekly. Leadership meets monthly.

This is a living document. Can change as needed. Must have at least four action items.

Freshman Focus is a part of this plan, already seeing fewer behaviors as a result.

Will include Ruby Payne Poverty training.

Training from mental health therapists.

Red Ribbon Week next week.

PLC- communications will be communicated to all staff. Common set of expectations. We will need to do a better job of documentation.

Communications- In some cases high, other cases low. Academic communications low among parent perception data, high in other areas. Will create peachjar monthly newsletter.

Communicate in Canvas, Naviance support guide. Teachers must contact within 2 weeks and sent to department chair.

Move to approve school improvement plan. Plan accepted.

Must communicate to parents the Hanover Survey- under the announcements on the webpage. Communicates the mental health support at the school. Third period selected.

Lisa Callaham will give a presentation to students on the effects of vaping. Committee talked about the prevalence of vaping and the unknown dangers. Could extend to families.
