

How to post to You Tube AND How to Approve a Video for You Tube

<https://photofocus.com/video/post-your-video-with-the-new-youtube-uploader/>

These are 2020 instruction to upload videos to you tube. This is really your best bet no matter the length of your video.

- The longer the video, the less likely it will be viewed by all students.
- You must give students permission to view You Tube.
- After you upload it. Go back to and watch the video then click approve for UCPS.

- Any video you link will need you to approve it first.
-
