Curriculum Night Date & Purpose:

Thursday, Nov. 14th: Science/STEM

- cross-level
- Curriculum
- utilizing student leadership--choose them if you need them
- Student leaders
- DIY NOT PRESENTATION

Grade Level Concerns

- Kindergarten
- First: School-wide expectations need to be evaluated. **We need to figure out the GAPS in home vs school vs outside/in life. Maybe pulling a video?? Can we have some type of card or something to scan instead of kids saying the number and the ladies can't hear?**
  - Teachers walk through the line with kids
  - Students who are just buying snacks need to go FIRST in the line.
  - If they make the mess, they are REQUIRED to clean it up.
  - We need more incentives (extra recess, earn "bucks" for something, etc.). Maybe we can have lunch with someone special each Friday if they are being noticed? Invite the parents? Like Terrific Kid, but for lunch!
  - Treats on one day only, maybe?

- Second: behavior...we need more incentives and more consequences (not out of our pocket)
- Third
- Fourth
- Fifth
- TA's
- Special Areas: Sitebased is the Media Committee as well. As part of this, we are required to help out with books that are "challenged." There are forms to complete and we would just help her review the book before making decisions. Megan Hill is ALSO putting up a sign for her lunch schedule each day. Students can only come if they are on the board.

Parents

PTO & Community News
