Agenda

1. Big Priorities for 2018-2019- Mrs. Lawrence wants us to think about what we want to envision for next year? (Our “big rocks”)
 - Staffing, Students, Parents (new to PRES)
 - Discipline and the new Mindfulness (Social/Emotional Learning)
 - STEAM curriculum and what this might bring, do we get a curriculum and if not we need to create our own. April explained that at her old school they had started a STEAM lab in place of computer lab time for a special. The rest of the SIT committee agreed with this idea. Mrs. Lawrence will hold the materials we have already ordered for that purpose.
 - Realignment Concerns (realignment, scheduling, teacher allotment and movement of classrooms/locations/grades, we need an ESL translator)
 - Is there funding for interventionist next year with the increase in numbers of students with academic needs? Mrs. Lawrence is working on a proposal for this.
 - How will MTSS needs be addressed? We will have to use creativity with the staff we have.
 - We will try to have a rough draft schedule and calendar in place before we leave this year.
2. School Improvement Plan -
 - We will take the SIP and break it up into sections and have members work together to tackle it in chunks and be prepared to discuss it at the next meeting in May.
 - Goal 1 - PLCs (Traywick, Randall)
 - Goal 2 - Gradual Release (Amy, April)
 - Goal 3 - Student Advocacy (combined with goal 4)
 - Goal 4 - MTSS (Bree, Carol, Ellen Kasey)
 - Goal 5 - EOGs/Assessments (Sherie, Meredith)
